## SEX, EROS RELATIONSHIPS

Createspace, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The difference between ethics and morals can seem somewhat arbitrary to many, but there is a basic, albeit subtle, difference. Morals define personal character, while ethics stress a social system in which those morals are applied. In other words, ethics point to standards or codes of behavior expected by the group to which the individual belongs. This could be national ethics, social ethics, company ethics, professional ethics, family ethics, and sexual ethics and so on. So while a person's moral code is usually unchanging very easily, the ethics he or she practices can be dependent on certain factors. Women, by contrast, have traditionally had a nurturing role by raising children and overseeing domestic life. These tasks require less rule following, and more spontaneous and creative action. Using the woman's experience as a model for moral theory, then, the basis of morality would be spontaneously caring for others as would be appropriate in each unique circumstance. Moreover, a person who gives in to another's sexual desire makes a tool of himself or herself. For the natural use that one sex makes of the other's sexual organs is enjoyment, for which one gives oneself up to the other. In this act a human being makes himself into a thing, which conflicts with the right of humanity in his own person. Those engaged in sexual activity make themselves willingly into objects for each other merely for the sake of sexual pleasure. Hence both persons are reduced to the animal level. If a man wishes to satisfy his desire and a woman hers, they stimulate each other's desire; their inclinations meet, but their object is not human nature...
