

Japaneseness: A Guide to Values and Virtues

Filesize: 5.94 MB

Reviews

Absolutely essential study pdf. It is written in basic words and phrases rather than hard to understand. I am just happy to tell you that this is basically the finest pdf I actually have studied during my personal lifestyle and can be the very best publication for actually.

Stone Bridge Press, United States, 2016. Paperback. Book Condition: New. 178 x 127 mm. Language: English . Brand New Book. This book looks at the core life concepts and shared values that historically and culturally define the quality of being Japanese. Among these are reverence, love of nature, group loyalty, hierarchical respect, passion for detail, belief in learning, formality, and acceptance of change. How can Western analogues of these Japanese virtues help us improve our own societies and cultivate inner strength, mindfulness, and long-lasting relationships at home and the workplace? This stimulating exploration of an alternative ethics and humanism is a provocative workbook for decluttering the spirit. Yoji Yamakuse is a Tokyo-based consultant on personnel management, staff training, and development of joint projects in cross-cultural environments.
