This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE MAKING OF LAW: AN ETHNOGRAPHY OF THE CONSEIL D'ETAT

Polity Press. Paperback. Book Condition: new. BRAND NEW, The Making of Law: An Ethnography of the Conseil D'Etat, Bruno Latour, In this book, Bruno Latour pursues his ethnographic inquiries into the different value systems of modern societies. After science, technology, religion, art, it is now law that is being studied by using the same comparative ethnographic methods. The case study is the daily practice of one of the French supreme court, the Conseil d'Etat, specialized in administrative law (the equivalent of the Law Lords in Great Britain). Even though the French legal system is vastly different from the Anglo-American tradition, it just happens that this branch of French law, although created by Napoleon Bonaparte at the same time as the Code-based system, is the result of a home grown tradition constructed on precedents. Thus, even though highly technical, the cases that forms the matter of this book, are not so exotic for an English speaking audience. What makes this study an important contribution to the social studies of law is that, because of an unprecedented access to the collective discussions of judges, Latour has been able to reconstruct in details the weaving of legal reasoning : it is clearly not the social that explains the law, but the legal ties that alter what it is to be associated together. It is thus a major contribution to Latour's social theory since it is now possible to compare the ways legal ties build up associations with the other types of connections that he has studied in other fields of activity. His project of an alternative interpretation of the very notion of society has never been made clearer than in this work. To reuse the title of his first book, this book is in effect the Laboratory Life of Law.
