Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.College in America Does Not Work the Way It Used To There was a time in America when college was considered to be for too expensive and only for the elite. The cost of a four year degree was almost equal to the median family income. Only about seven percent of high school graduates ventured forth to the ivied halls. The academic demands were rigorous, but if the student earned her coveted sheepskin, a job and middle-class, or better, affluence were a virtual certainty. Generations of parents and students grew up with this vision. Today the popular belief is that college is for everyone regardless of cost. Four years at a state university costs twice the median family income. If community college is included in the tally, about seven in ten high school graduates blithely enroll in institutions of high learning every fall expecting the same outcome as from years ago. However, college in America does not work the way it used to. It is as simple as the rule of supply and demand. In this slowly recovering economy there are not nearly enough good jobs available of the type the typical college graduate has depended on historically, and there is a Brobdingnagian army of potential recruits. While the grade point averages have remained about the same, the quality of the education has been eroded. The time spent in academic pursuits-attending class and studying-has dropped by a third in fifty years. Today college students spend less time in academic pursuits than high school students. Additionally, there is a mismatch between skills gained and skills demanded in the workplace. Silicon Valley can't hire people fast enough, and many...
